

## **Resolution in Opposition to Sky Harbour's Private Jet Hub**

**WHEREAS**, Private jet travel is the most carbon-intensive mode of transport; and

**WHEREAS**, New York based Sky Harbour Group has proposed a new jet hangar development at Hillsboro Airport (HIO) for 30 ultra-long-range private jets, designated by the City of Hillsboro as case number DR-044-25; and

**WHEREAS**, this jet hangar development would enable a significant increase in private jet operations over Washington County, the negative impacts of which include air pollution, noise pollution, jet blast, and climate change; and

**WHEREAS**, residents of Washington County, Oregon have submitted public comments and testimony in opposition to Sky Harbour's proposal; and

**WHEREAS**, the Hillsboro Planning Commission voted on May 27th, 2026 to approve the Development Review without addressing the negative impacts;

**THEREFORE, WE [NAME OF GROUP] RESOLVE AS FOLLOWS:**

**WE OPPOSE** the expansion of private jet operations at Hillsboro Airport.

**WE SUPPORT** the work of the residents who have filed the land-use appeal, and

**WE URGE** the Hillsboro City Council to hear the appeal and deny the land-use application for Sky Harbour's proposed jet hangar development DR-044-25.

Oregon Air Sample Resolution Prepared by Brett Hamilton on June 20, 2026
